

1 Outline of Vaccinations

Updated:15th June,2022

In Oshu city, the city hall administration is proceeding with vaccinations so that all citizens who wish to receive coronavirus vaccines can do so in line with the supply of vaccinations at a national level.

Currently, vaccines used in Oshu city are those manufactured by Pfizer and Takeda / Moderna. If you are going to receive any other vaccinations, please be careful to leave an interval of 13 days or more before doing so.
